## **Alumni Performance and Connect**

We as an institute are proud to mention that our Alumni are one of the strongest stakeholders towards all institutional development activities. Ever since our institute is incorporated and first batch was convocated in the year 1998 we have consistently followed the practice of inviting parents along with graduating student to enable a strong bonding with our students who after convocation becoming part of our alumni family. During the convocation ceremony all graduating students take a Pledge which also encourages them to be a "loyal ambassador for our institute and seek to promote its welfare and maintain its reputation"
